CONTENTS

Vol. 98, No. 1, May, 1969

PAGE

Dermatoglyphics of XXYY Klinefelter's Syndrome *H. Shiono* 1

Isocitric Dehydrogenase Activity of the Cerebrospinal Fluid of Children with Neurologic Disorders *M. Karahashi* 7

Marfan's Syndrome Accompanied by Renovascular Hypertension *H. Hiragami, S. Nagaoka, Y. Yabe, T. Sugiyama, Y. Shibota and K. Suto* 13

Quantitative Structural Analysis of the Inner Medulla of Rabbit Kidney *Y. Sasaki, T. Takahashi and N. Suwa* 21

Functional Model of Inner Medulla of Rabbit Kidney Based on Its Structural Principle *Y. Sasaki and N. Suwa* 33

Experimental Study on the Effect of Increase in Splenic Blood Flow upon the Portal Pressure *T. Sato, K. Koyama, K. Watanabe and S. Kimura* 65

Histochemical Studies on N-acetyl-β-galactosaminidase in the Ovary of Sexually Mature Women *K. Sato* 75

Histochemical Study on Mucopolysaccharides in Calcium Bilirubinate Gallstones *T. Maki and N. Nakamura* 81

Sphingosine Base and Fatty Acid Compositions of Pig Brain Sphingolipids *T. Akino* 87

Histochemical Study of Oxidative Enzymes and Cysteine Desulfurase in Familiar Benign Chronic Pemphigus and Darier's Disease *Y. Sasai, Y. Tanahashi and T. Fujiyama* 99

Vol. 98, No. 2, June, 1969

Fine Structure of Motor Endplate in Red, White and Intermediate Fibers of Mammalian Fast Muscle *T. Ogata and F. Murata* 107

Atypical Peripheral (Bronchiolar) Adenoma of the Lung *E. Sato, Y. Hayasaka, M. Arai, J. Sato and T. Watanabe* 117

Improved Method for Measurement of Renin Activity in Human Plasma *Y. Miura* 125

Fluctuation of Urinary Level of Follicle Stimulating Substance and of Estrogen during Pregnancy *S. Nagai and Y. Haryu* 135

A Method for the Estimation of Human Plasma Kininogens I and II *T. Mouri* 147

Clinical Evaluation of the Effect of Glyclopyramide in Diabetes Mellitus
S. Yamagata, Y. Goto, A. Ohneda, J. Kikuchi, T. Toyota, N. Fukuhara, S. Sato and H. Sakai 155

Progressive Changes of the Growth Characteristics of the Human Diploid Cells in Serial Cultivation *in Vitro* *M. Hayakawa* 171

Complement Fixation Activities with Rat Tissue Antigens of Sera in Hepatic Diseases *C. Itoh, I. Hashimoto, Y. Onuma, K. Shoji and Y. Ishitoya* 181

Quantitative Determination of Immunoglobulins in Cerebrospinal Fluid
S. Takase and M. Yoshida 189

Hereditary Hematuria Associated with Mental Retardation, Convulsions, Abnormal EEG and Ocular Abnormalities
M. Hirooka, T. Ohno, N. Kubota, K. Yoshioka and S. Ikeda 199

Chromatoroentgenogram with Conventional Medical X-Ray Film
S. Takahashi and Y. Tanaka 213

Vol. 98, No. 3, July, 1969

Electrophysiological Tracings of Intraretinal Optic Nerve Fibers in the Cat *T. Ogawa, Y. Imazawa and S. Chu* 215

Zenker's Diverticulum in Japan
M. Yamasaki, T. Kitabatake, S. Kobayashi, R. Nozaki and H. Inakoshi 223

Hypocupremic Infant Associated with Mental Retardation and Hepatic Cirrhosis: Probably a Copper Malabsorption Syndrome
T. Yoshida, T. Konno and Ts. Arakawa 229

Effects of Mn and Zn Ions on the Contraction of Smooth Muscle of Guinea-pig Taenia Coli *R. Kuribayashi* 241

Effects of Mn, Zn and Mg Ions on the Electrical Activities of Smooth Muscle of Guinea-pig Taenia Coli *R. Kuribayashi* 249

The Effects of Divalent Cations on the Glycerinated Smooth Muscle of Guinea-pig Taenia Coli *R. Kuribayashi* 259

A Further Investigation on the Nature of Sweat Discharge in Man
T. Nakayama 265

Clinical Trials of a New Antitumor Polypeptide: Neocarzinostatin (NCS)
M. Takahashi, K. Toriyama, H. Maeda, M. Kikuchi, K. Kumagai and N. Ishida 273

Metabolism *in Vitro* of [4-^{14}C] Testosterone by Liver Homogenates of Normal and Carbon Tetrachloride Injured Rats
N. Sato, M. Ota and K. Obara 281

Hyperglycinemia: A Defect in Glycine Cleavage Reaction
K. Tada, K. Narisawa, T. Yoshida, T. Konno, Y. Yokoyama, H. Nakagawa, K. Tanno, K. Mochizuki, Ts. Arakawa, T. Yoshida and G. Kikuchi 289

Effects of Iron Deficiency on Blood Level of Sulfhydryl Compounds and on Structure of Gastric Mucosa in Rats
T. Koyanagi, Y. Yuguchi and K. Kitaura 297

Vol. 98, No. 4, August, 1969

Serum Transfusion as a Hemostatic Procedure *Y. Chiba* 303
Gongenital Nephropathy Associated with Hearing Loss, Ocular Abnormalities, Mental Retardation, Convulsions and Abnormal E.E.G.
M. Hirooka, N. Kubota and T. Ohno 329
Diurnal Change of Plasma Insulin in Diabetics with Sulfonylurea Treatment *T. Toyota* 345
Effect of Administration of Thiamine, Riboflavin, Ascorbic Acid and Vitamin A to Students on Their Pantothenic Acid Contents in Serum and Urine *T. Koyanagi, S. Hareyama, R. Kikuchi, T. Takanohashi, K. Oikawa and N. Akazawa* 357
The Pickwickian Syndrome in a Child
M. Hirooka, Y. Inaba and T. Ohno 363
Hemodynamic Study by Biatrial Dye-dilution Method after Complete Correction of Tetralogy of Fallot
T. Horiuchi, K. Koyamada, H. Rhee, T. Ishitoya and T. Abe 373
Clinical and Experimental Studies on Acute Intestinal Obstructions with Special Reference to the Cause of Death
S. Matsukura, A. Shirota, M. Miki, K. Naito, H. Hattori, M. Onda, K. Yamashita and T. Shiba 391
